В основу тематизма первой редакции сочинения (1976) положены ритмоинтонации казахского песенного и инструментального фольклора. В определённой мере отражены свойства народного музицирования, а также кончерто-гроссо.. В 1977 году на Казрадио произведена аудиозапись. В концертах произведение не звучало.

Во второй редакция частично сохранен тематизм первой, выравнен стиль, приближенный к традициям казахской симфонической музыки. От сопоставления лаконичных образов следует их разработка, приводящая к репризе, в которой тема народного празднества, построенная на предыдущих мотивах, занимает ведущее место. Автор благодарит пианиста, магистра искусствоведения Ерназара Гимарата за ценные замечания, предложенные в процессе работы над данным произведением.

The thematic material of the work's first version (1976) is based on the rhythmic and intonational characteristics of Kazakh vocal and instrumental folklore. It reflects, to a certain extent, the qualities of folk performance practice as well as the *concerto grosso* form. An audio recording was made by Kazakh Radio in 1977, though the piece was not performed in concert. The second version retains some of the original thematic material while smoothing out the style to align more closely with the traditions of Kazakh symphonic music. The juxtaposition of concise musical images gives way to their development, leading to a recapitulation in which a folk-festival theme– constructed from earlier motifs – takes center stage. The author wishes to thank pianist and Master of Arts Yernazar Gimarat for the valuable insights offered during the creation of this work.
